

# Connecticut Emergency Medical Services Advisory Board Volunteer Committee

Windsor Vol. Ambulance 9/14/2015

Attendance: D. Guay, P. Heavin, S. Kosciusko, J. Paretzky, D. Maylan, S. Dowd, T. Greaves, R. Antonelli

Meeting called to order by chair J. Paretzky @ 19:00

An introduction to Windsor EMS by D. Guay.

Jay explained the Advisory Board, its various committees and discussions and subjects from their last meeting.

Both chair and vice chair of the committee will have to be replaced due to both giving up their positions.

It was reported that three services are still not submitting electronic data to the state.

A tour of Windsor headquarters and their vehicles was led by D. Guay.

Unanimous decision to accept the June minutes as posted.

The group discussed the latest state EMS personnel report. A reduction in AEMT's was noted.

The PSOB flyer was handed out by Jay and discussed.

The running of EMSC has now been contracted out to Yale New Haven.

The regulation requiring schools to teach CPR in the state passed in the last session. Some EMS groups have already gotten local schools to allow this.

There seems to be a lack of viable AEMT programs in the state. Jay had requested at the ADV. Board meeting that CEMSMAC address the issue.

Next meeting will be at Cornwall Vol. on November 9, 2015.

Adjourned @ 20:30.

Submitted; Phil Heavin, Sec.
